#### By the end of this Webinar, participants will:

- Understand why the first care encounter is so important
- Understand the barriers to seeking or accessing care
- Know the next steps in primary care
- Know what clinical resources and community support are available

If you cannot join the webinar on December 4, the recorded session will be accessible on the BC-CfE's website at [www.cfenet.ubc.ca/clinical-activities/education-training/webinars](http://www.cfenet.ubc.ca/clinical-activities/education-training/webinars).

The **HIV/AIDS Webinar Learning Series** is a partnership between the BC Centre for Excellence in HIV/AIDS (BC-CfE) and Positive Living BC. The goal of the Series is to empower people living with HIV and to improve their quality of life by providing them and health care providers with up-to-date treatment information related to HIV/AIDS. Sessions will bring together experts to share their knowledge and provide a forum for interaction, dialogue and mutual learning.
